

VIRGINIA ACTS OF ASSEMBLY -- 2010 SESSION

CHAPTER 296

An Act to amend the Code of Virginia by adding a section numbered 15.2-2292.1, relating to temporary family health care structures.

[H 1307]

Approved April 8, 2010

Be it enacted by the General Assembly of Virginia:

1. That the Code of Virginia is amended by adding a section numbered 15.2-2292.1 as follows:

§ 15.2-2292.1. Zoning provisions for temporary family health care structures.

A. Zoning ordinances for all purposes shall consider temporary family health care structures (i) for use by a caregiver in providing care for a mentally or physically impaired person and (ii) on property owned or occupied by the caregiver as his residence as a permitted accessory use in any single-family residential zoning district on lots zoned for single-family detached dwellings. Such structures shall not require a special use permit or be subjected to any other local requirements beyond those imposed upon other authorized accessory structures, except as otherwise provided in this section. Such structures shall comply with all setback requirements that apply to the primary structure and with any maximum floor area ratio limitations that may apply to the primary structure. Only one family health care structure shall be allowed on a lot or parcel of land.

B. For purposes of this section:

"Caregiver" means an adult who provides care for a mentally or physically impaired person within the Commonwealth. A caregiver shall be either related by blood, marriage, or adoption to or the legally appointed guardian of the mentally or physically impaired person for whom he is caring.

"Mentally or physically impaired person" means a person who is a resident of Virginia and who requires assistance with two or more activities of daily living, as defined in § 63.2-2200, as certified in a writing provided by a physician licensed by the Commonwealth.

"Temporary family health care structure" means a transportable residential structure, providing an environment facilitating a caregiver's provision of care for a mentally or physically impaired person, that (i) is primarily assembled at a location other than its site of installation, (ii) is limited to one occupant who shall be the mentally or physically impaired person, (iii) has no more than 300 gross square feet, and (iv) complies with applicable provisions of the Industrialized Building Safety Law (§ 36-70 et seq.) and the Uniform Statewide Building Code (§ 36-97 et seq.). Placing the temporary family health care structure on a permanent foundation shall not be required or permitted.

C. Any person proposing to install a temporary family health care structure shall first obtain a permit from the local governing body, for which the locality may charge a fee of up to \$100. The locality may not withhold such permit if the applicant provides sufficient proof of compliance with this section. The locality may require that the applicant provide evidence of compliance with this section on an annual basis as long as the temporary family health care structure remains on the property. Such evidence may involve the inspection by the locality of the temporary family health care structure at reasonable times convenient to the caregiver, not limited to any annual compliance confirmation.

D. Any temporary family health care structure installed pursuant to this section may be required to connect to any water, sewer, and electric utilities that are serving the primary residence on the property and shall comply with all applicable requirements of the Virginia Department of Health.

E. No signage advertising or otherwise promoting the existence of the structure shall be permitted either on the exterior of the temporary family health care structure or elsewhere on the property.

F. Any temporary family health care structure installed pursuant to this section shall be removed within 30 days in which the mentally or physically impaired person is no longer receiving or is no longer in need of the assistance provided for in this section.

G. The local governing body, or the zoning administrator on its behalf, may revoke the permit granted pursuant to subsection C if the permit holder violates any provision of this section. Additionally, the local governing body may seek injunctive relief or other appropriate actions or proceedings in the circuit court of that locality to ensure compliance with this section. The zoning administrator is vested with all necessary authority on behalf of the governing body of the locality to ensure compliance with this section.
