

10104698D

## SENATE BILL NO. 607

## AMENDMENT IN THE NATURE OF A SUBSTITUTE

(Proposed by the Senate Committee on General Laws and Technology  
on January 27, 2010)

(Patron Prior to Substitute—Senator Stosch)

A BILL to amend and reenact § 2.2-1514, as it is currently effective and as it may become effective, and §§ 10.1-2128, 10.1-2129, and 10.1-2133 of the Code of Virginia, relating to the Comptroller's assignment of certain general fund balances.

Be it enacted by the General Assembly of Virginia:

1. That § 2.2-1514, as it is currently effective and as it may become effective, and §§ 10.1-2128, 10.1-2129, and 10.1-2133 of the Code of Virginia are amended and reenacted as follows:

§ 2.2-1514. (Contingent expiration date - see Editor's notes) Assignment of general fund for nonrecurring expenditures.

A. As used in this section:

"The Budget Bill" means the "The Budget Bill" submitted pursuant to § 2.2-1509, including any amendments to a general appropriation act pursuant to such section.

"Nonrecurring expenditures" means the acquisition or construction of capital outlay projects as defined in § 2.2-1518, the acquisition or construction of capital improvements, the acquisition of land, the acquisition of equipment, or other expenditures of a one-time nature as specified in the general appropriation act. Such term shall not include any expenditures relating to transportation, including but not limited to transportation maintenance.

B. At the end of each fiscal year, the Comptroller shall ~~designate~~ assign within his annual report pursuant to § 2.2-813 as follows: one-third of the remaining amount of the general fund balance that is not otherwise ~~reserved or designated~~ restricted, committed, or assigned for other usage within the general fund shall be ~~designated~~ assigned by the Comptroller for nonrecurring expenditures, and two-thirds shall be ~~designated~~ assigned for deposit into the Transportation Trust Fund. No such ~~designation~~ assignment shall be made unless the full amounts required for other ~~reserves or designations~~ restrictions, commitments, or assignments including, but not limited to, (i) the Revenue Stabilization Fund deposit pursuant to § 2.2-1829, (ii) the Virginia Water Quality Improvement Fund deposit pursuant to § 10.1-2128, but excluding any deposits provided under the Virginia Natural Resources Commitment Fund established under § 10.1-2128.1, (iii) capital outlay reappropriations pursuant to the general appropriation act, (iv) (a) operating expense reappropriations pursuant to the general appropriation act, and (b) reappropriations of unexpended appropriations to certain public institutions of higher education pursuant to § 2.2-5005, (v) pro rata rebate payments to certain public institutions of higher education pursuant to § 2.2-5005, (vi) the unappropriated balance anticipated in the general appropriation act for the end of such fiscal year, and (vii) interest payments on deposits of certain public institutions of higher education pursuant to § 2.2-5005 are set aside. The Comptroller shall set aside amounts required for clauses (iv) (b), (v), and (vii) beginning with the initial fiscal year as determined under § 2.2-5005 and for all fiscal years thereafter.

C. The Governor shall include in "The Budget Bill" pursuant to § 2.2-1509 recommended appropriations from the general fund or recommended amendments to general fund appropriations in the general appropriation act in effect at that time an amount for nonrecurring expenditures and an amount for deposit into the Transportation Trust Fund equal to the amounts ~~designated~~ assigned by the Comptroller for such purposes pursuant to the provisions of subsection B. Such deposit to the Transportation Trust Fund shall not preclude the appropriation of additional amounts from the general fund for transportation purposes.

§ 2.2-1514. (Contingent effective date - see Editor's notes) Assignment of general fund for nonrecurring expenditures.

A. As used in this section:

"The Budget Bill" means the "The Budget Bill" submitted pursuant to § 2.2-1509, including any amendments to a general appropriation act pursuant to such section.

"Nonrecurring expenditures" means the acquisition or construction of capital outlay projects as defined in § 2.2-1518, the acquisition or construction of capital improvements, the acquisition of land, the acquisition of equipment, or other expenditures of a one-time nature as specified in the general appropriation act.

B. At the end of each fiscal year, the Comptroller shall ~~designate~~ assign within his annual report pursuant to § 2.2-813 an amount for nonrecurring expenditures, which shall equal the remaining amount of the general fund balance that is not otherwise ~~reserved or designated~~ restricted, committed, or assigned for other usage within the general fund. No such ~~designation~~ assignment shall be made unless

60 the full amounts required for other ~~reserves or designations~~ *restrictions, commitments, or assignments*  
61 including, but not limited to, (i) the Revenue Stabilization Fund deposit pursuant to § 2.2-1829, (ii) the  
62 Virginia Water Quality Improvement Fund deposit pursuant to § 10.1-2128, but excluding any deposits  
63 provided under the Virginia Natural Resources Commitment Fund established under § 10.1-2128.1, (iii)  
64 capital outlay reappropriations pursuant to the general appropriation act, (iv) (a) operating expense  
65 reappropriations pursuant to the general appropriation act, and (b) reappropriations of unexpended  
66 appropriations to certain public institutions of higher education pursuant to § 2.2-5005, (v) pro rata  
67 rebate payments to certain public institutions of higher education pursuant to § 2.2-5005, (vi) the  
68 unappropriated balance anticipated in the general appropriation act for the end of such fiscal year, and  
69 (vii) interest payments on deposits of certain public institutions of higher education pursuant to  
70 § 2.2-5005 are set aside. The Comptroller shall set aside amounts required for clauses (iv) (b), (v), and  
71 (vii) beginning with the initial fiscal year as determined under § 2.2-5005 and for all fiscal years  
72 thereafter.

73 C. The Governor shall include in "The Budget Bill" pursuant to § 2.2-1509 recommended  
74 appropriations from the general fund or recommended amendments to general fund appropriations in the  
75 general appropriation act in effect at that time an amount for nonrecurring expenditures equal to the  
76 amount ~~designated~~ *assigned* by the Comptroller for such purpose pursuant to the provisions of  
77 subsection B of this section.

78 § 10.1-2128. Virginia Water Quality Improvement Fund established; purposes.

79 A. There is hereby established in the state treasury a special permanent, nonreverting fund, to be  
80 known as the "Virginia Water Quality Improvement Fund." The Fund shall be established on the books  
81 of the Comptroller. The Fund shall consist of sums appropriated to it by the General Assembly which  
82 shall include, unless otherwise provided in the general appropriation act, 10 percent of the annual  
83 general fund revenue collections that are in excess of the official estimates in the general appropriation  
84 act and 10 percent of any ~~unreserved~~ *unrestricted and uncommitted* general fund balance at the close of  
85 each fiscal year whose reappropriation is not required in the general appropriation act. The Fund shall  
86 also consist of such other sums as may be made available to it from any other source, public or private,  
87 and shall include any penalties or damages collected under this article, federal grants solicited and  
88 received for the specific purposes of the Fund, and all interest and income from investment of the Fund.  
89 Any sums remaining in the Fund, including interest thereon, at the end of each fiscal year shall not  
90 revert to the general fund but shall remain in the Fund. All moneys designated for the Fund shall be  
91 paid into the state treasury and credited to the Fund. Moneys in the Fund shall be used solely for Water  
92 Quality Improvement Grants. Expenditures and disbursements from the Fund shall be made by the State  
93 Treasurer on warrants issued by the Comptroller upon the written request of the Director of the  
94 Department of Environmental Quality or the Director of the Department of Conservation and Recreation  
95 as provided in this chapter.

96 B. Except as otherwise provided under this article, the purpose of the Fund is to provide Water  
97 Quality Improvement Grants to local governments, soil and water conservation districts, state agencies,  
98 institutions of higher education and individuals for point and nonpoint source pollution prevention,  
99 reduction and control programs and efforts undertaken in accordance with the provisions of this chapter.  
100 The Fund shall not be used for agency operating expenses or for purposes of replacing or otherwise  
101 reducing any general, nongeneral, or special funds allocated or appropriated to any state agency;  
102 however, nothing in this section shall be construed to prevent the award of a Water Quality  
103 Improvement Grant to a local government in connection with point or nonpoint pollution prevention,  
104 reduction and control programs or efforts undertaken on land owned by the Commonwealth and leased  
105 to the local government. In keeping with the purpose for which the Fund is created, it shall be the  
106 policy of the General Assembly to provide annually its share of financial support to qualifying  
107 applicants for grants in order to fulfill the Commonwealth's responsibilities under Article XI of the  
108 Constitution of Virginia.

109 C. For the fiscal year beginning July 1, 2005, \$50 million shall be appropriated from the general  
110 fund and deposited into the Fund. Except as otherwise provided under this article, such appropriation  
111 and any amounts appropriated to the Fund in subsequent years in addition to any amounts deposited to  
112 the Fund pursuant to the provisions of subsection A shall be used solely to finance the costs of design  
113 and installation of nutrient removal technology at publicly owned treatment works designated as  
114 significant dischargers or eligible nonsignificant dischargers for compliance with the effluent limitations  
115 for total nitrogen and total phosphorus as required by the tributary strategy plans or applicable  
116 regulatory requirements. Notwithstanding the provisions of this section, the Governor and General  
117 Assembly may, at any time, provide additional funding for nonpoint source pollution reduction activities  
118 through the Fund in excess of the deposit required under subsection A.

119 At such time as grant agreements specified in § 10.1-2130 have been signed by every significant  
120 discharger and eligible nonsignificant discharger and available funds are sufficient to implement the  
121 provisions of such grant agreements, the House Committee on Agriculture, Chesapeake and Natural

Resources, the House Committee on Appropriations, the Senate Committee on Agriculture, Conservation and Natural Resources, and the Senate Committee on Finance shall review the financial assistance provided under this section and determine (i) whether such deposits should continue to be made, (ii) the size of the deposit to be made, (iii) the programs and activities that should be financed by such deposits in the future, and (iv) whether the provisions of this section should be extended.

§ 10.1-2129. Agency coordination; conditions of grants.

A. If, in any fiscal year beginning on or after July 1, 2005, there are appropriations to the Fund in addition to those made pursuant to subsection A of § 10.1-2128, the Secretary of Natural Resources shall distribute those moneys in the Fund provided from the 10 percent of the annual general fund revenue collections that are in excess of the official estimates in the general appropriation act, and the 10 percent of any ~~unreserved~~ *unrestricted and uncommitted* general fund balance at the close of each fiscal year whose reappropriation is not required in the general appropriation act, as follows:

1. Seventy percent of the moneys shall be distributed to the Department of Conservation and Recreation and shall be administered by it for the sole purpose of implementing projects or best management practices that reduce nitrogen and phosphorus nonpoint source pollution, with a priority given to agricultural best management practices. In no single year shall more than 60 percent of the moneys be used for projects or practices exclusively within the Chesapeake Bay watershed; and

2. Thirty percent of the moneys shall be distributed to the Department of Environmental Quality, which shall use such moneys for making grants for the sole purpose of designing and installing nutrient removal technologies for publicly owned treatment works designated as significant dischargers or eligible nonsignificant dischargers. The moneys shall also be available for grants when the design and installation of nutrient removal technology utilizes the Public-Private Education Facilities and Infrastructure Act (§ 56-575.1 et seq.).

3. Except as otherwise provided in the Appropriation Act, in any fiscal year when moneys are not appropriated to the Fund in addition to those specified in subsection A of § 10.1-2128, or when moneys appropriated to the Fund in addition to those specified in subsection A of § 10.1-2128 are less than 40 percent of those specified in subsection A of § 10.1-2128, the Secretary of Natural Resources, in consultation with the Secretary of Agriculture and Forestry, the State Forester, the Commissioner of Agriculture and Consumer Services, and the Directors of the Departments of Environmental Quality and Conservation and Recreation, and with the advice and guidance of the Board of Conservation and Recreation, the Virginia Soil and Water Conservation Board, the State Water Control Board, and the Chesapeake Bay Local Assistance Board, and following a public comment period of at least 30 days and a public hearing, shall allocate those moneys deposited in the Fund, but excluding any moneys deposited into the Virginia Natural Resources Commitment Fund established pursuant to § 10.1-2128.1, between point and nonpoint sources, both of which shall receive moneys in each such year.

B. 1. Except as may otherwise be specified in the general appropriation act, the Secretary of Natural Resources, in consultation with the Secretary of Agriculture and Forestry, the State Forester, the Commissioner of Agriculture and Consumer Services, and the Directors of the Departments of Environmental Quality and Conservation and Recreation, and with the advice and guidance of the Board of Conservation and Recreation, the Virginia Soil and Water Conservation Board, the State Water Control Board, and the Chesapeake Bay Local Assistance Board, shall develop written guidelines that (i) specify eligibility requirements; (ii) govern the application for and the distribution and conditions of Water Quality Improvement Grants; and (iii) list criteria for prioritizing funding requests.

2. In developing the guidelines the Secretary shall evaluate and consider, in addition to such other factors as may be appropriate to most effectively restore, protect and improve the quality of state waters: (i) specific practices and programs proposed in any tributary strategy plan, and the associated effectiveness and cost per pound of nutrients removed; (ii) water quality impairment or degradation caused by different types of nutrients released in different locations from different sources; and (iii) environmental benchmarks and indicators for achieving improved water quality. The process for development of guidelines pursuant to this subsection shall, at a minimum, include (a) use of an advisory committee composed of interested parties; (b) a 60-day public comment period on draft guidelines; (c) written responses to all comments received; and (d) notice of the availability of draft guidelines and final guidelines to all who request such notice.

3. In addition to those the Secretary deems advisable to most effectively restore, protect and improve the quality of state waters, the criteria for prioritizing funding requests shall include: (i) the pounds of total nitrogen and the pounds of total phosphorus reduced by the project; (ii) whether the location of the water quality restoration, protection or improvement project or program is within a watershed or subwatershed with documented water nutrient loading problems or adopted nutrient reduction goals; (iii) documented water quality impairment; and (iv) the availability of other funding mechanisms. Notwithstanding the provisions of subsection E of § 10.1-2131, the Director of the Department of Environmental Quality may approve a local government point source grant application request for any

183 single project that exceeds the authorized grant amount outlined in subsection E of § 10.1-2131.  
184 Whenever a local government applies for a grant that exceeds the authorized grant amount outlined in  
185 this chapter or when there is no stated limitation on the amount of the grant for which an application is  
186 made, the Directors and the Secretary shall consider the comparative revenue capacity, revenue efforts  
187 and fiscal stress as reported by the Commission on Local Government. The development or  
188 implementation of cooperative programs developed pursuant to subsection B of § 10.1-2127 shall be  
189 given a high priority in the distribution of Virginia Water Quality Improvement Grants from the moneys  
190 allocated to nonpoint source pollution.

191 § 10.1-2133. Annual report by State Comptroller.

192 The State Comptroller shall, by January 1 of each year, certify to the chairmen of the House  
193 Committee on Appropriations and the Senate Committee on Finance, the total amount of annual general  
194 fund revenue collections in excess of the official estimate in the general appropriation act, the total  
195 amount of the ~~unreserved~~ *unrestricted and uncommitted* general fund balance whose reappropriation is  
196 not required in the general appropriation act at the close of the previous fiscal year and the total amount  
197 of funds that are to be directed to the credit of the Virginia Water Quality Improvement Fund under this  
198 article unless otherwise provided in the general appropriation act.
